## BOY SUFFERS ACCIDENT ON FARM NEAR ARNOLD

Vernon Mansfield, Twelve Years  
Old, But Slightly Injured When  
Binder Passed Over Body.

Vernon Mansfield, 12 year old son of Eli Mansfield of Arnold, was but slightly injured Wednesday forenoon when he fell and was run over by a self-binder driven by A. D. Arnold. He was riding the lead team and his fall was the signal for an attempted stampede. When Mr. Arnold stopped the machine he expected to find the boy hurt badly, but found that the blade had in some manner passed over the lad. The guards had lacerated the boy's back, but Dr. G. O. Webster, the physician attending, found no internal injuries.

The boy was taken to his home on the J. W. Arnold farm and the same afternoon was up and around.

### Friends of Peace.

There are many peace organizations these days, largely because of the conflict now waging in Europe. One of the most active organizations is known as "Friends of Peace" and a national convention is to be held in Chicago on the 5th and 6th of September. The 5th is Sunday and will be devoted to gatherings in the various churches when special prayers for peace will be offered. The day following the convention proper will be held and it is the hope that at least a quarter million people will take part in the demonstration, which is designed to impress the people of the whole world with the American view of the awful carnage which is now being wrought in Europe.

### Antiseptics Take a Jump.

A sharp advance in antiseptics is the latest effect of the European War. Thymol has risen from \$2 a pound to \$12 per pound, due to the scarcity of supply and the active demand from manufacturers of antiseptic washes and dental preparations, who report considerable difficulty in securing sufficient thymol for their uses. The American manufacturers are being forced to bid in competition with exporters who have been buying freely on orders from France and England.

Germany has enjoyed a distinct monopoly in thymol manufacture. The article is produced from anjowan seed grown in India. The low price at which Germany produced the finished article caused the abandonment of thymol production in India, but since the rise in price, as in the case of other products, production in India and other parts of the world has been stimulated. It is reported that one shipment of 20 tons is on its way from India to London.

### Study Garbage Disposal.

Decatur is seriously considering the establishment of an incinerating garbage plant there. The lease on the old dumping ground four miles from the city has expired and so the city faces the necessity of making other provisions. It is realized that the only sanitary way is to build a plant for garbage disposal. The plan is to grant the right of erecting such a plant to a private company and reserving the right of purchase at the end of a term of years. Under a new state law it would be possible to levy a special tax for the building of such a plant, but the council believes that the plan of granting certain garbage privileges to a private company is the better.

While the need is not so imminent here for a garbage plant as in Decatur the question is one which must be solved here later on. There are many disadvantages connected with the dumping ground the city has used for years and there have been many complaints because of the generally unhealthful plan of dumping rubbish and burying dead animals on a tract of land so near the city limits and to homes of citizens.

### Jane Addams' Mission.

Today Jane Addams is to return to Chicago, after her European peace mission. Chicago has been honored by many great and noble deeds that are credited to this woman and the belief exists, while the results are not yet apparent, that her trip abroad has not been made in vain. Miss Addams was received by the high officials of all the warring nations and by neutrals and was permitted to tell something of the feeling of the people of this country on the war situation and to express the hope that in some way this country may aid in bringing an end to the conflict.

In every country it is said the American woman found that a desire exists for peace, and yet on every hand there was the confessed feeling that no government felt that the time for an end to hostilities had arrived or had any suggestion as to how the questions which brought on the war and which have arisen during its course, can be referred to arbitration. Yet it is possible that Jane Addams' visit to the powers may have set in motion certain forces which will later on develop into an acceptable plan for ending the strife and carnage.

### Some Export Egg Facts.

In a recent issue of the Commerce Reports, vice-consul Gilbert, of Nanking, China, writes that exporters purchase their eggs at that point for 40 to 42 cents per gross. He states that at the time of his making his report the following consignments were arranged for:

Fresh eggs, to San Francisco, 102,000 dozen, at \$0.46; Seattle, 311,000 dozen, at \$0.46; Tacoma, 521,833 dozen, at \$0.46. Eggs, frozen, in this, to New York City, 7,523,318 pounds, at \$0.02; Seattle, 656,000 pounds, at \$0.02. The territory covered by agents radiating from Nanking produces 75,000 dozen eggs daily for export.

The cause for this activity is not

far to seek. The Democratic tariff law of 1913 took off the duty of 5 cents a dozen levied by the Republican tariff, since which time egg prices to farmers on the western coast have been greatly depreciated by the influx from the orient. The Chinese are only beginning to learn the advantage of a free trade market in the United States, and already extensive developments are under way to enlarge and organize the egg industry, while several factories are in process of construction to manufacture dried eggs for the American market to be used by bakeries.

If the Democratic tariff law continues on the statute books the American hens will have to declare a moratorium.

**The Voice of a Real Farmer.**  
C. A. Bruer, a young farmer of Livingston county, Illinois, in a letter to the Prairie Farmer reflects the good sense of the progressive man engaged in agriculture.

He says:  
"The successful farmer, farming is a business, and this business, too, is searching for specialized men and a guiding team. We have Dr. Hopkins of the University of Illinois and Dr. Thorne of Ohio and many others who are giving their time to the study of soils. We have men spending their time on the problem of drainage of land, others studying the best farm machinery and others giving their time to the methods of selection and breeding of seed corn.

"We know that the successful man of today is not the one who finds out everything for himself by practical experience, but he is the one who can gather about him data, books and papers, circulars and bulletins and from this material gathered is able to select and choose that which is of the most importance to his particular business.

"We as farmers to be progressive must be interested in all the special agents that are working upon and solving the many problems before the farmers today. If we get in trouble we go to the lawyer, for we have not time to read up and understand all about law matters. If we get sick we call in a doctor, for we have not time and cannot know about the different organs of the body, and their relation one to another. In the same way we cannot expect many of the farmers to be in a position whereby they can gather about them the facts of business agriculture and select and put in practice those facts that are of the most interest to their own community and to themselves. Then why should we not employ a soil adviser whose duty it is to keep in touch with all the latest and best methods of agricultural work and advise us what is best for each of our own communities and individual farms?"

## LANDLORD CAMPBELL LOOKING FOR BOARD BILL JUMPER

Man Who Signed as Dr. H. C. Clark of Chicago and Posed as State Institution Inspector, Suddenly Leaves City.

Landlord Campbell at the Pacific hotel is out five dollars he loaned a man who registered as Dr. H. C. Clark of Chicago and also a hotel bill of \$7.50. Dr. Clark registered at the hotel Saturday and showing a letter purporting to be from Col. Frank D. Whipp, fiscal secretary of state board of administration, claimed that he was going to be here for several days inspecting the various institutions. He made a visit to the Jacksonville State hospital and the superintendent, Dr. E. L. Hill, after his departure, became skeptical of the man and phoned the Pacific hotel, to have Clark call him up. When Clark came into the hotel Tuesday noon and received the message he made an engagement for three o'clock in the afternoon. After that Clark was never seen about the premises. Col. Whipp of Springfield was called over the phone and said that there was no such man in the employ of the board of administration, nor had he given a man any credentials by that name.

A strange thing about Clark's disappearance was that he left about noon Tuesday and at 5 o'clock his grips were still in his room. Later on in the evening when his room was visited the grips were gone. It is thought the man must have had an accomplice here. He had hired several rigs of Cherry's livery and appears to have done credit business wherever he could get it.

Lost—Tuesday evening, between Pacific Hotel and Nichols park, pocketbook containing about \$30 in money and \$30 worth of checks. Finder please return to Pacific hotel and receive reward.

## MAY TEST OUT THE CHARTER REPEAL LAW

Along with the rumor that quo warranto proceedings are to be brought against certain members of the board of education is the further story that the law passed by the legislature repealing the Jacksonville school charter will be tested in the courts. The claim is made that the constitutionality of the law can be attacked on the ground that it is class legislation.

## ELKS THANKS CONCLUDED WITH SPLENDID POEM.

The resolution of thanks to Los Angeles, by the Grand Lodge of Elks ended with the following poem:

Our flag, through smiling years,  
Has wrought no mourning—wring no tears;  
No toll it takes, it bears no blame  
Of want, or woe, or shame.  
From blush of morn to brink of night,  
It teaches men to think—not fight;  
A flag that scorns to harrow life,  
With guns, and swords and strife.  
In fold and field and flaming star,  
It points the world to peace—not war;  
So let us keep its colors true;  
Rose-red, snow-white, sky-blue.

## 10 Quarts of Real Milk for 25 Cents

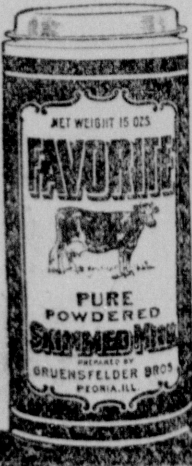

At any minute you wish, the purest, freshest milk is waiting for you. It's the new, simple, inexpensive way of using milk, because it comes in powder form, is prepared in a few seconds without trouble. This is "Favorite" Powdered Skimmed Milk, the milk that never sours. There's no condensed or evaporated milk about it; it's just fresh cow's milk, just exactly the same as you buy, except that

## "FAVORITE" Powdered Milk

is milk minus the water that constitutes seven-eighths of the liquid milk you buy. When you buy ordinary milk you pay mostly for you the real milk that's left. You just add the water necessary. There's no difference in taste, action or composition. There's no different way of using "Favorite" Powdered Milk than any fresh cow's milk, for cooking, baking, for the table, for custards, candies and puddings. It's just real, fresh milk. Liquid milk absorbs impurities. "Favorite" Powdered Milk cannot; it is sterilized and perfectly purified. There's enough in every package to make 10 quarts of real, delicious milk, costing you only 2 1-2 cents a quart. Your money refunded if not satisfied.

## LADIES AID SOCIETY OF CLARK'S CHAPEL ENJOY ANNUAL OCCASION

Social Tea Held Wednesday at the Home of Mrs. Dimmitt Trotter—Anniversary Poem Written by Mrs. Edward Deaton.

One of the most enjoyable occasions of the Ladies Aid society of the Clark's Chapel church was the annual social tea given Wednesday afternoon, at the hospitable home of Mrs. Dimmitt Trotter. Aside from the social time enjoyed and the good dinner a program was given including an anniversary poem by Mrs. Edward Deaton. The society is in a very flourishing condition and the annual affair such as yesterday is always looked forward to with no little interest and pleasure. There was a large attendance of members and guests. The dinner was all that one could ask or desire, and Mrs. Dimmitt proved a charming hostess.

### The Program.

The following was the program: Piano solo, "Narcissus"—Miss Eva Baxter. Duet, "Mary and Marie"—Mrs. William Crum and daughter Wilma. Reading, "Day of Judgment"—Miss Helen McDonald. Vocal solo, "Ish Love Song"—Mrs. Austin King. Vocal solo, "A Night in Dreamland"—Frances Cox. Anniversary Poem—Written by Mrs. Edward Deaton and read by Miss Eva Baxter. Duet—Mrs. William Crum and daughter Wilma.

### Officers of Society.

The following are the officers of the society: President—Miss Annie McDonald. Vice President—Mrs. Elmer Nicholson. Secretary—Mrs. Dimmitt Trotter. Treasurer—Mrs. Earl Cox. Corresponding secretary—Miss Helen Green.

### Those Present.

Those of the members present follows: Miss Annie McDonald, Mrs. Elmer Nicholson, Mrs. Austin King and daughter Eloise, Mrs. J. G. Cox, Mrs. Jake Strawn, Mrs. Earl Cox, Mrs. Ernest Servoss, Mrs. Edward Laurie and daughter Alice, Mrs. William Ledford, Mrs. William Phillips, Mrs. Edward Cully, Miss Helen Deaton, Mrs. Charles Cox, Mrs. E. J. Sooy, Mrs. James McDonald and daughter Ruth.

The guests present: Mrs. Otis Taylor, Mrs. Sarah Holman, Mrs. William Crum and daughter Wilma, Mrs. Charles McDonald, Miss Anna May Wilson, Mrs. Chester Wilson, Miss Sadie Martin, Miss Eva Baxter, Mrs. John Carwell, Mrs. Frank Green, Mrs. Emma Moody, Mrs. Howard Cully, Mrs. Alva McDonald and daughter Helen, Mrs. Margaret Baxter, Mrs. William Cleary, Miss Lizzie Stevenson.

### Anniversary Poem.

Let us now lay aside all trouble and care, And enjoy to the full this annual affair. Its the first time we've met with our friend Mrs. Trotter, But it looks today, like we'd certainly got here.

But don't worry about her, she's perfectly cool, And calm and collected, she got that at high school. For she took quite a course in Domestic Science, And has learned every rule and every appliance.

Our society's well and certainly flourishing, The reason for this our refreshments are nourishing. I've nothing better to say about looks, But I don't know where you'd find better cooks.

Is it a cake you would like, white as snow, light and airy, Daisy Cox will make one, that is fit for a fairy. Is it oysters in scallop, that kind suits a fellow, Just call 923 and ask our friend Zella. Do we want to give a supper without much ado? We're only to ask our Vice President Lou.

And some of our members, we like to hear sing, Of course we then think of Mrs. Austin King. A king and a queen once an (angel) so fair, If we expect a great deal, she ought not to care.

We don't see much of Effie it seems, But there's so much sunshine in her home, It beams straight from two pair of radiant eyes, I think they're the shade of the azure skies.

And one of our members, lives right at Strawn's Crossing, And if you'll believe me (for I am not joshing), 'Tis there we have our very best meeting, And we don't seem to notice, how the time is fleeting.

Yes our aid is accomplishing quite a good deal, But we have Miss Annie at the steering wheel, And next is Lou to hold us steady, And Daisy and Margaret are always ready, To help with the money and to keep things straight, So I think we'll all get along first rate.

But I had better bring my remarks to a close, For I know you're too polite to doze But I'm growing tedious now I fear, So I'll keep quiet until next year.

## CORONER'S INQUEST HELD OVER A CHILD'S REMAINS

Infant Died From Heart Trouble and Insufficient Nutrition — Quincy Man Accused.

Norman Albert Tyrrell Sanders, a baby a few months old, died suddenly at the home of its grandmother, Mrs. Frank Nichols, on South Mauvaisterre street, Tuesday afternoon about 2 o'clock. The mother of the child is a 14-year-old girl, a daughter of Mrs. Nichols by her first husband. It is alleged that the father of the child is a resident of Quincy. The girl's name is Elita Roberts and she has been living with her father in Quincy till recently.

The death of the child was such that Coroner Wright called an inquest. The evidence of a number of witnesses was taken and the jury rendered the following verdict:

"We, the jury, sworn to inquire into the death of Norman Albert Tyrrell Sanders, find that he came to his death from exhaustion caused by organic heart disease and insufficient nutrition; that the child was of illegitimate birth of seven months period and that the mother is 14 years of age and the father about 42 years old. We recommend that John Sanders of Quincy, said to be the father of the deceased child, be held by the proper authorities and dealt with according to law.

## MAKES ARGUMENT AGAINST U. S. RAILROAD OWNERSHIP

Howard Elliott Writes Striking  
Paraphrase of Lincoln's Gettysburg Address.

As a comment upon the increasing sentiment there has seemed to be for the government ownership of railroads Howard Elliott, secretary of the Safety and Efficiency committee of the Salt Lake Route and a member of the Los Angeles bar, recently wrote the following paraphrase of Lincoln's Gettysburg address. This paraphrase has been given a great deal of publicity in the press and has also been sent broadcast through the mails and as a postal card. Mr. Elliott wrote as follows:

If Lincoln Were Alive Today.

"Four score and ten years ago our fathers brought forth on this continent a new industry, conceived by private invention and dedicated to the quasi-public purpose of moving persons and property from place to place. Now we are engaged in a great economic war, testing whether that industry or any industry so conceived and so dedicated can long endure. We have reached a crisis in that war. We have come to the point where we must decide whether our great steel highways, built and operated as private companies, and supervised by the government, can continue in their present form, and be allowed to earn a reasonable return on the fair value of the property devoted to the public service, or whether that business, encompassed by regulations impossible of fulfillment, shall be made unprofitable and then be taken over by the government. It is altogether fitting and proper that we should discuss this. But in a large sense, we should discuss it only with a full realization of its economic effect, without bias, and with careful deliberation upon complete survey of the facts. The brave men living and dead who struggled to perfect the science of railroading have dedicated to society a transportation machine that commands the admiration and respect of all mankind. The world will little note nor long remember what we say, but it can never forget what they did. It is for us, who remain, to dedicate ourselves to the great task remaining before us, that we here highly resolve that their efforts shall not have been in vain, that this industry, under God, shall have a new birth of freedom, and that private enterprise under public direction shall not perish from our land."

## OLD JACKSONVILLE The Volunteer Fire Companies

By Ensley Moore.

Member of Illinois State Historical Society.

From early days villages, towns and cities have had better or worse arrangements for coping with the fire fiend.

In the early days of the nineteenth century the cities of America had what were called volunteer fire departments, or rather fire companies, for, at first, there were only the companies, with their chiefs and subordinate officers. Then, as other things developed and improved, better arrangements were made for fire mastery.

There was great rivalry among the volunteer firemen, and, in their fights, they would literally die for their organization and they were fondly devoted to their respective "masses" as the old fire engines were frequently called by their not over intelligent owners and handlers.

In the great cities of this country, such as New York, Philadelphia, Baltimore, New Orleans and in the early days of San Francisco, the firemen used to have terrible fights among the rival companies. Riots occurred in some places, and the list of killed and wounded, as the years went by, showed the misdirected pluck of the combatants.

One of the steps to political preferment in old time city politics in the larger places was in being a popular fireman or in having the support of the firemen. To be head of a company or chief, was considered a great honor by certain classes of citizens, and to be presented with a fine brass or silver speaking horn was an occasion of great glory to the recipient so honored by his admirers.

There were many heroic things done by the old volunteer, and he was as ready to sacrifice his life in his spirit of devotion and daring as were volunteers on the field of battle.

Gradually the cities organized all the companies into departments with paid officers, and that system gave way to the final "paid department," now so highly organized in every large place.

Going back to earlier things: before regular companies were organized, in the older cities of the east, every male citizen of suitable age was compelled by law to serve as a fireman. Years ago staid, honored citizens had their fire hats hanging in their closets ready to be donned when duty called. Speaking of the fights between rival companies, the boys and callow young men of the cities used to loaf in the fire houses, and perhaps they were the worst in making trouble. But the ugly elements would hide in dark alleys and out-of-the-way places and "lay" for opponents who had incurred their ill will. Then would come the fights or murders, pistols, knives and bricks being used according to the degree of preparation.

Of course the rivalry at fires, without any proper person in charge led to poor results in quenching the flames.

Jacksonville, with the old time high winds sweeping over the early treeless town must have felt the need for a defense against the devouring element early in the history of the town. What there may have been of previous attempts at firefighting is not known, but in 1840 efforts were made for something sensible and effective, as the following extract from Eames' history shows. As he states this company contained a remarkable array of names of men, who afterwards were valuable citizens, prominent officials or highly distinguished politicians. Eames' account was as follows:

"Before the building of the present admirable system of water works Jacksonville was without an adequate supply of this most necessary article in case of an extensive conflagration. Volunteer firemen and other citizens promptly turned out when a fire alarm was given, and generally subdued the flames and saved their homes from destruction. The legislative act of 1835 for the incorporation of fire companies led to the formation of the first regularly organized fire company, on the 23rd of April, 1840.

"The names of its members show that its numbers were composed of some of the best citizens of the place. The buildings were generally of wood, mostly of a small size, and but few disastrous fires occurred. Their equipment consisted of double decked hand engine. It was a very heavy 'machine' and required quite a number of hands to work it. The old engine, with some improvements, is still used when occasion requires. In addition to the old 'Union' engine, the company has several hundred feet of hose, buckets, ladders, axes and other necessary equipments. As the list of members comprising company will be of interest to the readers of these pages, it is here inserted. Since that company was organized, one of its members has been a United States Senator, another a member of Congress, several mayors, two judges, several town trustees and aldermen, two postmasters, one sheriff, several county assessors or clerks, one United States consul-general, several trustees of state and educational institutions, while nearly, if not all, have been prominent and useful citizens. We doubt whether any community ever had a better fire company.

In after years there was quite a good firefighting force with fair machinery. It is unfortunate that no complete lists of the later firemen seem to have been preserved.

In 1857 the forces were reorganized, and a grand parade was had on Thanksgiving day of that year. The companies hauled their engines through the principal streets on the afternoon of that day, in snow almost if not quite a foot deep; and it was a pretty cold day too.

An item in the Journal of Feb. 28, 1912, stated:

"Wm. H. Graubner has an old silk banner which was carried by the 'Washington' fire department of this city in the thirties and forties. It is about four by three feet and is painted in the center with a picture of the old hand fire pump in use at that time. Across the top are the words 'Jacksonville Fire Department', and just below the Latin phrase, 'Semper Paratus'. At the bottom is the date 1840. The banner was carried by the department in parades in the city and neighboring towns, when the firemen and members of other civic departments were out on exhibition."

Another item in the Journal of Feb. 28, 1912, read:

"Back in 1860 Jacksonville had two fire companies and there was considerable rivalry to see which could do the most prompt and efficient service when fires broke out. The first organization was known as 'Union Fire Company No. 1', and their engine house was on the north side of Court street between Mulva street and East street. In fact the headquarters of the fire department in later years was on East Court street until the present city hall was built. The other organization in 1860 was known as Rescue Company No. 2, and the engine house was on the east side of Sandy street between the square and College avenue. ## COMISKY PROTESTS AGAINST THE SUSPENSION OF ROWLAND

White Sox Magnate Says it Looks  
to Him as Though Rowland Is  
Being Made a Mark.

Chicago, July 21.—President  
Comisky of the Chicago Ameri-  
can League baseball club tonight  
filed a protest with President John-  
son of the American League against  
the treatment of his team by the  
umpires. The protest, it was said,  
covered substantially the same  
ground as the statements of Comisky  
made earlier in the day, when he  
said today he would protest to  
President Johnson against the sus-  
pension of Manager Rowland, who,  
according to the White Sox mag-  
nate, has been all season the victim  
of the "worst umpiring he has ever  
seen in the American league."

The charge was first made that  
Rowland was suspended for piti-  
fantly put President Comisky said  
that later the umpires admitted that  
the suspension was caused by Row-  
land's lack of speed in leaving the  
field when ordered to do so.  
"Poor umpiring has cost my club  
seven or eight games this year," said  
the magnate. "It looks to me as  
though Rowland is being made a  
mark."

At Rockford yesterday Rockford  
beat Peoria 15 to 1. Rockford  
scored ten runs in the fifth inning  
which is pretty near the record of  
runs scored in one innig this sea-  
son.

In the game between Decatur  
and Davenport the teams were one  
to one for six innings. In the sev-  
enth Davenport made seven runs  
and won the game 8 to 1.

Boston kept up its clip in the  
American league yesterday and beat  
St. Louis by a score of 4 to 2. Ruth  
one of Boston's pitchers, hit the  
longest home run ever made on the  
St. Louis field. In addition he made  
two doubles and was responsible for  
three of Boston's four runs.

Brooklyn beat the Chicago  
Whales in the Federal league twice  
yesterday. The first game was 4  
to 0 while the second was 9 to 8.  
In the first game Bluejacket held  
Chicago to three singles. In the  
second hard hitting by Kauff and  
Magee and daring base running by  
Myers enabled Brooklyn to win a  
ten inning game.

Baltimore beat St. Louis 7 to 0  
in the federal league. Bailey held  
the Terriers to two hits while the  
Terrapins batted Groom and Her-  
bert at will.

After holding Cincinnati to four  
hits for eight innings Davis weak-  
ened in the ninth and allowed the  
Reds to score the winning run. Dale  
held Boston to six hits.

President Comisky of the White  
Sox has come out in an open state-  
ment protesting the suspension of  
Manager Rowland. Comisky makes  
the sensational charge that Rowland  
has been the victim of the worst um-  
piring ever seen in the American  
league. We didn't know whether it  
was the umpiring or what it was  
but we do know that the White Sox  
have fallen down badly the last few  
games.

Philadelphia finally won a game  
from Detroit. The Athletics only  
made seven hits against ten for the  
Tigers but they bunched them  
while Cobb, Crawford and Veach  
failed to hit in the pinch in the  
eighth with men on bases.

game of the series. The Tigers ral-  
lied late in the contest and almost  
succeeded in tying the score. Cobb,

**WORLD'S MARKET NEWS**

EXCEPTIONALLY GOOD WEATHER  
CAUSES LOWER WHEAT PRICES

Heavy Export Buying Brings Upturn But at No Time Amounts to a Recovery in Full.

Chicago, July 21.—Exceptionally good weather throughout the entire wheat belt caused lower prices here today, notwithstanding big export sales. The market closed steady but 1/2c under last night. Corn wound up at 1/2c to 1 1/4c advance, oats unchanged to 1/2c off and provisions with gains of 5 to 10c.

Ideal conditions for wheat left the market at first with scarcely any support. It seemed as if every house in the trade had selling orders only. The July option in particular showed acute weakness, being the most open to attacks based on an increase of receipts from the new crop. Illinois points were reported to be offering wheat freely for immediate shipment and it was not until prices had suffered a break of more than 4 cents in some cases that the market began to rally. Heavy buying, said to be for France and reaching an aggregate of 1,000,000 bushels, was the apparent reason for the upturn which followed but which at no time amounted to a recovery in full.

Prospects of a bumper yield of spring wheat attracted much attention here. A leading expert touring South Dakota telegraphed that all the wheat examined by him was in splendid condition. Another well known authority sent word from a different section that investigation showed no spring crop trouble worthy of mention. He added: "This includes black rust."

Corn parted company with wheat and rose in response to buying due largely to the cool temperatures which prevail and which were said to be retarding growth. Grain complaints came regarding the crop outlook in some parts of the northwest. Oats kept within a narrow range. Action of the market was hampered by the conflicting influence of wheat and corn.

## PETER SCOTT WINS OHIO NORTH RANDALL STAKE

PETER MCCORMICK GIVES WINNER A REAL BATTLE.

Lou Jennings Wins Opening Event—Bingen Pointer, the Favorite, is An Easy Winner in the 2:15 Pace.

Cleveland, O., July 21.—The Ohio stake for 2:09 trotters which brought out the real trotting talent of the country for its first 1915 brush was the feature of today's Grand circuit program at North Randall.

Peter Scott, Tommy Murphy's \$30,000 beauty, took the honors but was given a real battle by Peter McCormick. Following the third heat, protest was made to the judges that Dick McMahon, driving King Clansman, had aided Peter Scott to win by letting him out of a pocket and forcing Peter McCormick wide by so doing, but no action was taken. Everyone of the twelve heats on today's card went in better time than 2:09 1-2. In the opening event Lou Jennings, fresh from a string of victories on the big mile tracks, annexed first money but was forced to step the second heat in 2:06 3-4 to beat Guy Nella. Bingen Pointer, the favorite, was an easy winner in the 2:15 pace.

**MINERS WARNED TO KEEP OUT OF STATE.**  
President of Illinois Miners' Organization Issues Statement Showing That Work is Slack.

Coal miners are warned by President Frank Farrington of the United Mine Workers of Illinois to remain away from the coal fields of this state if in search of work. The statement says that mines capable of producing 190,000,000 tons of coal last year yielded only 60,000,000 tons and that \$36,000 was paid out in June for the relief of members who cannot obtain employment.

Farrington's statement is as follows:  
"To the members of the United Mine Workers of America:  
"Brothers—You are hereby most earnestly urged to stay away from Illinois when looking for work.  
"This district is already overcrowded with idle men who have not been able to secure a day's work for months.  
"Many of the mines are not operating and have not operated for many months and the greater number of those that are operating are only working 1 and 2 days a fortnight. As consequence, we have thousands of members who are actually on the verge of starvation.  
"Conditions in this district will be best explained by citing two mines. First, Illinois now has machinery and men sufficient to produce 190,000,000 tons of coal annually. Last year we produced a little over 60,000,000 tons. Second, during April the district organization paid out \$2,285 for the relief of our members. During May \$25,733 and for June \$36,800 and the demand for relief is becoming greater every day.  
"This money was paid out not for the members who cannot secure work, but to relieve the distress of hunger of members who cannot secure work.  
"The amount paid out of relief is made more significant when it is known that in no case have we had relief to any of our local unions until the members thereof have been idle for forty-five consecutive days.  
"Under these circumstances we feel we are justified in asking you to stay away from Illinois.  
"Yours truly,  
"Frank Farrington,  
"President."

## ALL LEGISLATORS DID NOT DRAW EXTRA MILEAGE PAY

In Case Munro Injunction Stands Some Will not be Compelled to Return Money—Speaker Shanahan in the List.

According to the Springfield Register thirty members of the last general assembly have not as yet collected the amount due them, as each share of the mileage appropriation, for the twenty-one trips made to and from their homes while the legislature was in session. As Fayette S. Munro's injunction proceedings now prevent them from securing the vouchers from the state auditor's office, they will have no opportunity to secure the money, even if they wanted.

All of the twenty-eight vouchers are still in the hands of the state auditor's department. There has been a rumor that if the court finds the appropriation bill providing \$26,000 to pay the mileage of members unconstitutional, suits will be filed against the individual members to recover the amounts paid them. In this case the twenty-eight will save the expenses of defending their money, because they have yet to get their vouchers.

Some of the men to whom the vouchers were made out stated on the floor of the house that they did not believe the bill constitutional and would not take the money. Others, among them Speaker Dave Shanahan, made no statement regarding their intentions, but the fact they left Springfield without drawing the cash is considered an indication that they have no desire to take the funds.

The following senators have not yet drawn their mileage allotments: Martin B. Bailey, Danville, \$94.92; Adams C. Cliffe, Sycamore, \$206.22; Edward C. Curtis, Grant Park, \$134.40; Kent E. Keller, Ava, \$146.16; Walter I. Manny, Mt. Sterling, \$63.84; W. Duff Percy, Mt. Vernon, \$112.14.

The members of the house who have not drawn their mileage and the amounts are as follows: W. H. Basel, Astoria, \$94.00; W. H. Bentley, Pontiac, \$78.96; Randolph Body Galva, \$94.08; Thomas Campbell, \$131.88; John L. Cooper, Fairfield, \$110.04; Frederick R. DeYoung, Harvey, \$144.48; DeGoy B. Ellis, Elgin, \$191.52; W. J. Graham, Alton, \$128.52; Carl Green, Robinson, \$132.72; W. C. Kane, Harrisburg, \$150.36; John Kasserman, Newton, \$103.74; Harold Kessinger, Aurora, \$187.32; Medill McCormick, Chicago, \$155.40; W. T. Morris, DuQuoin, \$141.96; Walter M. Provine, Taylorville, \$23.50; Clifford Quisenberry, Lincoln, \$25.20; Walter E. Rinehart, Effingham, \$90.72; Isaac F. Rothschild, Chicago, \$155.40; David E. Shanahan, Chicago, \$155.40; Richard F. Taylor, Elizabethtown, \$202.40; John W. Thomason, Louisville, \$85.26; George H. Wilson, Quincy, \$95.76.

Besides these Senator Compton of Macomb and Representative Devine of Dixon returned the vouchers sent to them.

**BLIND COUPLE WED.**  
A blind couple who have never seen each other, were married in Edwardsville by County Judge Henry B. Eaton. They were Mrs. Pearl Cornelius of Alton, 48 years old, and James Brammer, 3719 Laclede avenue, St. Louis, 43 years old. It was his first marriage.

Mrs. Brammer has been blind for a number of years. Brammer lost his eyesight in an accident two years ago.

## LESTER McDUGALL DROWNED SELF

INTENT ON SELF-DESTRUCTION,  
HE ELUDED NURSE.

Deceased Had Suffered Nervous Breakdown and Brooded Over Expense His Illness Was Causing—Body Taken From Reservoir at Jacksonville State Hospital Wednesday Morning.

Lester McDougall committed suicide some time Tuesday night by drowning in the reservoir at the Jacksonville State hospital. Mr. McDougall has been ill since last December from a nervous breakdown and has been taking treatment at Maplewood sanatorium on South Diamond street. He escaped from W. H. Phalen, who has been his attendant, about 8:45 o'clock Tuesday night. Mr. Phalen searched for him until 12 midnight Tuesday and then took up the search again Wednesday morning. Mr. Phalen heard that some clothing had been found on the bank at the reservoir and it was identified by T. H. Buckthorpe as belonging to McDougall. Grappling hooks were obtained and about 11:30 a. m. M. F. Matson, chief engineer of the institution, and Mr. Swanson, also an employee, brought the body to the surface.

On the recovery of the body it was taken to the undertaking parlors of John G. Reynolds on West State street. Coroner Wright was summoned and impaneled a jury to inquire into the cause of death. The jury was composed of Tom H. Buckthorpe, foreman; Al Baldwin, James C. Wood, Walter Hedrick, Frank Craven and George W. Davis, clerk.

**Mr. Phalen's Testimony.**  
The testimony of W. H. Phalen, who has been an attendant of the deceased since April 14, was substantially as follows: "I am night nurse at Norbury's sanatorium. Should judge that McDougall had been a patient at the institution about five months. Has been under my care from 7 p. m. until 7 a. m. since April 14. The last time I saw him was about 8:45 o'clock Tuesday evening. I had stepped into the house for something when another patient called me and told me that McDougall had run away. I was not gone more than half a minute. I immediately began a search for him which lasted until 12 o'clock midnight. I began the search again at 7 o'clock Wednesday morning. About 10 o'clock I was informed at his residence on South Clay avenue that some clothing had been found on the bank of the reservoir at Jacksonville State hospital. In company with T. H. Buckthorpe I went to the hospital, where Mr. Buckthorpe identified the clothing as belonging to Lester McDougall. I remained there until the body was taken from the water, which was about 11:30 a. m. He had made the statement that it would be better if he was out of the way and said if he was given a chance he would put his wife and baby out of the way and then himself. On July 20 he told me he had made a firm resolution that he would not kill himself nor run away. He had made at least half a dozen attempts to get away. I think that he had the suicidal mania all the time."

**McDougall Very Despondent.**  
Tom Duffner was the only other witness called by the jury. He testified as follows: "I have known McDougall about twenty years. I saw him last on Thursday of last week when I received word from the sanatorium that he wanted to see me. At that time he seemed worse and more despondent than I had ever seen him. He said to me, 'Tom, I'm a goner. It would be better for everybody concerned if I was out of the way. I have made two or three attempts but they have blocked me every time.' He also spoke about how much money it was costing to keep him there and said it was taking money away from his family."

The following letter was found in the pocket of McDougall's coat, which he left on the bank of the reservoir:  
"Dear Loved Ones: Please forgive me for this act. I can stand the strain no longer, the thoughts of taking money that justly belongs to baby and mother. Yours with love, Mc."

After hearing the foregoing evidence the jury returned a verdict that the deceased came to his death by drowning, which was done with suicidal intent, and that the act was committed while the deceased was suffering from temporary insanity.

The sudden end of Lester McDougall is peculiarly sad. He was an honest and upright citizen and a hard working man. He came to Jacksonville about twenty years ago. He was first employed at the C. P. & St. L. car shops. About twelve years ago he secured the position of superintendent of the cold storage plant at the Jacksonville State hospital, which he held until last December.

Led an Active Life.  
In addition to his employment at the hospital Mr. McDougall did outside work. He had dancing classes at the hospital twice a week for several years and also had a dancing class at the Degen hall on South Main street. It probably was this additional work that caused too much strain and finally resulted in a nervous breakdown. For some time he was at Passavant hospital and later was removed to Maplewood sanatorium. Everything was done for him that was possible by his devoted wife. For a time he seemed to improve, but it is probable that brooding over his condition and the fact that he had always been such an active man caused his final act.

Deceased was born in Indiana about 43 years ago and grew to manhood in that state. He came

here about twenty years ago. He was married to Miss Nana Allen of this city, who, together with one son, Walter, survives. He also is survived by his parents, who live in Ft. Wayne, Ind.

Mr. McDougall was a member of lodge No. 376, Knights of Pythias, and the D. O. K. K. He was a member of the first drill team organized by A. J. McCarthy and which was known as McCarthy's Arabs.

T. W. Allen of the Parker and Allen Carnival company, is a brother of Mrs. McDougall. He is on the road with his company and T. H. Buckthorpe has telegraphed to the headquarters of the show at Topeka, Kas., to locate him. Word also has been sent to Mr. McDougall's parents at Ft. Wayne, Ind. ## NATIONAL COMMISSION TAKES COGNIZANCE OF BASE BALL POOL

Secretary Appears as a Witness in Case of Edward Hardy, Charged With Promoting a Lottery.

Cincinnati, O., July 21. — The National Baseball commission took official cognizance today of the so-called nation-wide baseball pool which the postoffice department at Washington has been investigating, when Attorney John E. Bruce of Cincinnati, secretary of the National Baseball commission, appeared as a witness in the case of Edward Hardy of this city, who is charged with promotion of a lottery. The hearing was before United States Commissioner Joseph Adler, who at its conclusion held Hardy to the grand jury in Philadelphia, Pa., in bonds of \$1,000. Hardy gave the bond required for his appearance next September before the grand jury of that city, where, it was stated by Commissioner Adler, all of the cases growing out of the federal investigation of the alleged baseball pool will be taken up.

Secretary Bruce in his testimony spoke of the danger of the so-called pool to the sport of baseball and as a representative of the commission requested that it be eliminated.

Postoffice Inspector Frank Smith of Philadelphia testified that the Weekly World and the slips alleged to be a part of the pool were printed at Allentown, Pa. He said that the scheme had been worked out by a professor of a large university and perfected by expert mathematicians. Smith estimated that the returns secured by the office at Allentown amounted to \$9,000 a week. He declared that the winning numbers were arranged so that there would be but little opportunity for the holders of the slips to win large amounts. Smith stated that he had participated in the arrests of several men of Allentown and Wilkes Barre who are alleged to be the leaders of the scheme.

#### MISS SWALES BECOMES BRIDE OF JOHN L. FREEMAN

Marriage Was Solemnized at Home of Dr. W. O. Swales—Newly Weds Will Live in Chicago.

John Leonard Freeman of Chicago and Miss Ada Myrtle Swales, daughter of Capt. J. M. Swales of this city, were married at the home of the bride's brother, Dr. William O. Swales, on South Clay avenue, at four o'clock Wednesday afternoon. The ceremony was said by the Rev. Walter E. Spoons in the presence of only relatives and immediate friends.

The bride is the daughter of Capt. J. M. Swales. She was born and spent most of her life in this city. A few years ago she went to Chicago where she has since been secretary of the Millers' National Federation. She has many friends here and in Springfield where the family resided for several years. Her marriage no doubt will come as a surprise to them but their wishes for a long and happy married life will be none the less sincere.

#### BOARD OF EDUCATION AFFAIRS LIKELY TO GET INTO COURTS

Story is That Quo Warranto Proceedings Will be Brought Asking President and two Members to Show Authority by Which Appointments Were Made.

For some time there have been rumors that action would be commenced asking President H. J. Rodgers and Members L. H. Clampt and E. E. Wells of the board of education, to show authority for their action at a meeting of the board of education called for Monday night, May 3. A stenographer was busy at the city hall Wednesday copying a record of the meeting and this was taken as certain evidence that W. N. Hairgrove is preparing papers to be filed in the case.

If action is brought it will no doubt be in the form of quo warranto proceedings demanding that in three members of the board present at the meeting show that the action taken was legal. Quo warranto proceedings can be filed and made answerable with five days' notice, and it is presumed therefore that it is Mr. Hairgrove's intention to file his suit so that a hearing may be had the first week in August. Judge Burton is to return to Jacksonville Tuesday, August 3, for the hearing of a number of circuit court cases. If this is the plan the case will come before Judge Burton sometime during the first week in August and will be heard either by the court or by a jury as may be determined upon later.

#### Lawyers' Opinions Differ.

The question at issue will be as to whether or not a quorum was present at the meeting of May 3, when Supt. Collins and all teachers were appointed and various system changes made. The language of the school charter is such that lawyers differ in their opinions as to the authority the president of the board has in froming part of a quorum. In the past it has been the rule that three members of the board in addition to or without the president constituted a quorum. The charter provisions reads, "Three members shall constitute a quorum with or without the president" and this language has been the basis for some legal opinion that the law means three members of the board, one of whom may be the president, constitute a quorum. This will be one of the points to be settled if quo warranto proceedings are brought, and another action to be brought in question will be the right of the president to vote when no tie is recorded.

At the meeting of May 3 when the roll was called on various matters President Rodgers stated that in the absence of Members Rogers and Imgrund he would assume that they voted in the negative, and since Dr. Clampt and Mr. Wells voted in the affirmative, that he would vote with them, and by such recorded vote a number of important matters were passed upon. It is understood that Mayor Rodgers believes that there was a legal quorum present and that all the business transacted could have been done by the vote of Dr. Clampt and Mr. Wells without his vote as presiding officer.

With this prospective board of education suit and the likelihood that an election will be necessary on the question of the city's return to the aldermanic form of government, city and school affairs promise to be quite thoroughly aired within the next few weeks.

Lost—Tuesday evening, between Pacific Hotel and Nichols park, pocketbook containing about \$30 in money and \$30 worth of checks. Finder please return to Pacific hotel and receive reward.
